TIPS ON OBTAINING

AMERICAN ATHLETIC SCHOLARSHIPS

STEPS INVOLVED IN OBTAINING AN AMERICAN ATHLETIC SCHOLARSHIP

- ❖ In order to be eligible for an American athletic scholarship, you must register with the **NCAA ELIGIBILITY CENTER**
To register on line visit:
www.eligibilitycenter.org
- ❖ Most schools require you to write the **SAT TEST**.
To register for and to obtain more information about the SAT visit:
www.collegeboard.com
- ❖ Prepare an **ATHLETIC RESUME**.
Outline your experience and achievement in ALL the sports you have participated in (not just the sport you are hoping to obtain a scholarship for).
Include an Official Transcript of your marks.
Include your SAT score or the date on which you will be taking the test.
Indicate that you have registered with the NCAA Clearinghouse.
- ❖ Produce a **PERFORMANCE VIDEO**
This video should be much more than just a “Hi-light” video of your talents. Film entire games, matches, races etc. Try to get at least 3 to 4 events on a 6 to 8 hour video.
It is important that the video shows the recruiters your form and technique.
- ❖ **DECIDE WHERE YOU WANT TO GO.**
You should narrow your choices to about 12 schools.
Do your research and make sure that the schools you choose meet your athletic, academic, social and financial needs.

For a complete list of American Schools visit:
www.globalcomputing.com/university.htm
- ❖ Make **INITIAL CONTACT** with the coach.
It is more effective to call or email coaches before you send them your resume and video.
In your initial contact, briefly introduce yourself and indicate that you will be sending a resume and video. Contacts can be found in NCAA Directories and/or the schools’ websites.
