**D. PRINCIPAL'S REPORT**

**OPERATIONAL:** It will be a quad mester format and more information to come in the coming weeks. There will no longer be a Virtual High School. Next years' students can opt in to learn online but it will be more of a synchronist style of learning. Students will be at home "realtime" during their classes. Teachers will be broadcasting live to their online students at the same time they will be teaching in-person students.

**NEW:** Period 3 & 7 will be elearning courses that are not usually available to take at any of the 8 other secondary schools in the board. BT staff is welcome to apply for any of the courses to teach. These classes will not be administered like other online course offered throughout the school year. It will resemble a Summer School like style learning environment with the teacher as an overseer rather than teaching daily.

Last day of School is June 24th but full day to get the hours in mandated by the Ministry.  
June 25 and June 28th are collection days for texts, computer hardware, and instruments.

**GRAD 2021:** Graduation was planned for October then we were told that we could do a June Grad. Looked into it and based on the numbers allowed to gather outside it was impossible to do so it's still scheduled for October. There will be a Drive by grad on June 26th between 10am-4pm. Grads will be given mugs, pendants, pictures taken with cap and gown.

**UNIFORM:** Uniform Survey approval-looks good and will be sent out to students for voting before the end of school year.

**NEW COMPUTERS:** Computer refresh program – 35% cost covered by board and 65% covered from BT. Business Lab: 21 new computers and older ones from lab were still in half decent working order so they have gone to the teacher lab. There are 26 new computers in the GIS Lab. Computers are DELL and from April 2021 so all have the latest technology.

**CURRICULUM:** De streaming Grade 9 Math – the Curriculum has just been released. There is a financially literacy and a social emotional strand in the new math curriculum. A lot of training for teaching this new Math Class in happening now and throughout the summer.

**E. OAPCE REPORTS**
